Here you can find editorially-collated albums containing some of ImageQuest's best images.

Get inspired with classroom project ideas using ImageQuest.

Discover new ImageQuest features!

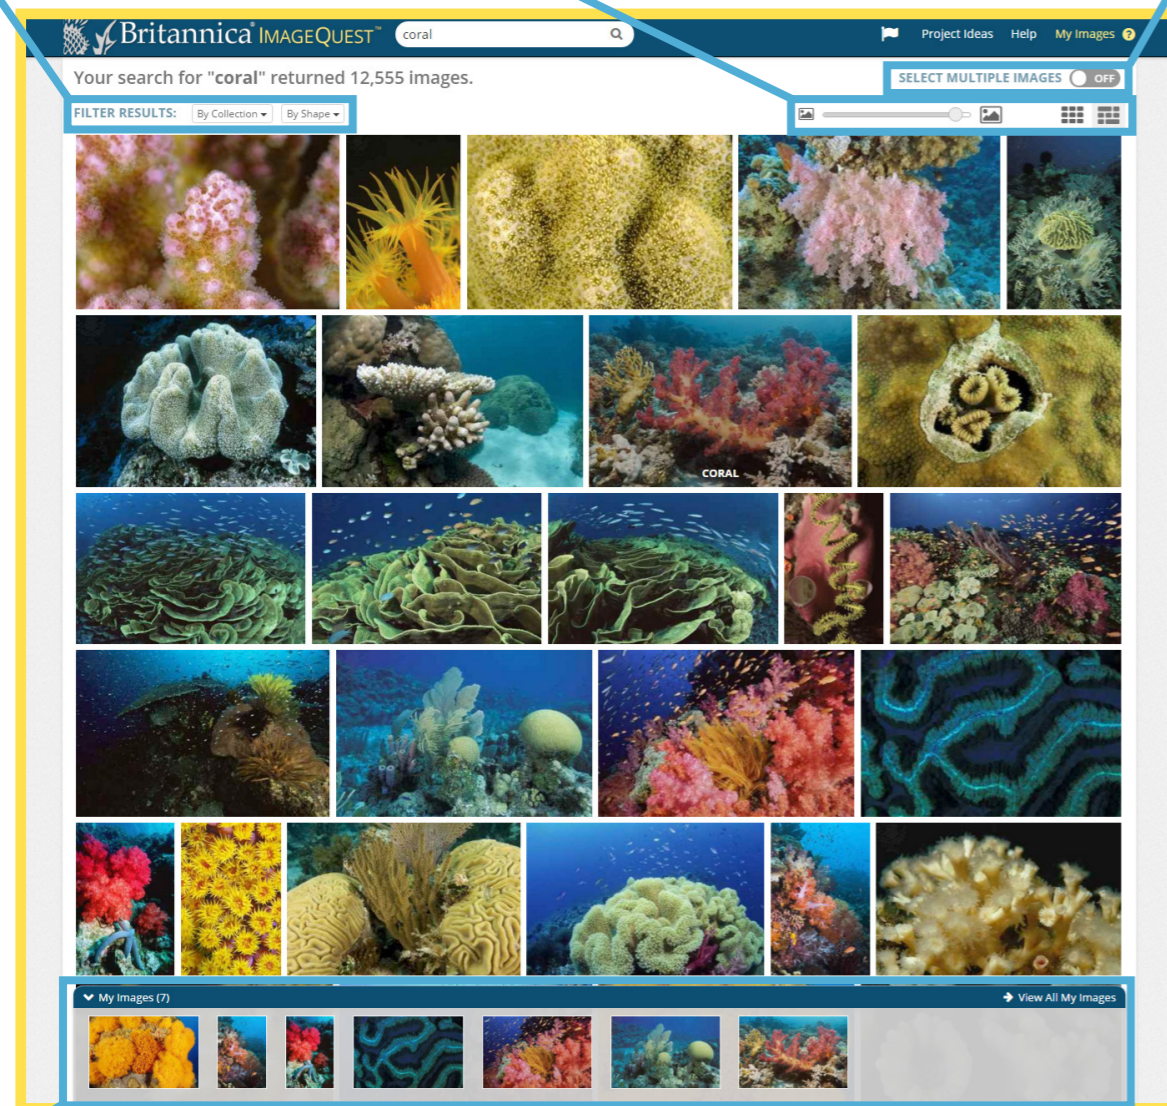

ImageQuest holds more than 3 million images from over 60 notable collections, including National Geographic Society, English Heritage, the British Library and more!

# Search Results Page

**Filter results** – choose from over 60 collections and/or by shape – horizontal, vertical or square.

Simply slide to change the thumbnail size. You can also change between grid view and strip view.

Turn this on to select multiple images for saving, downloading, e-mailing and printing.

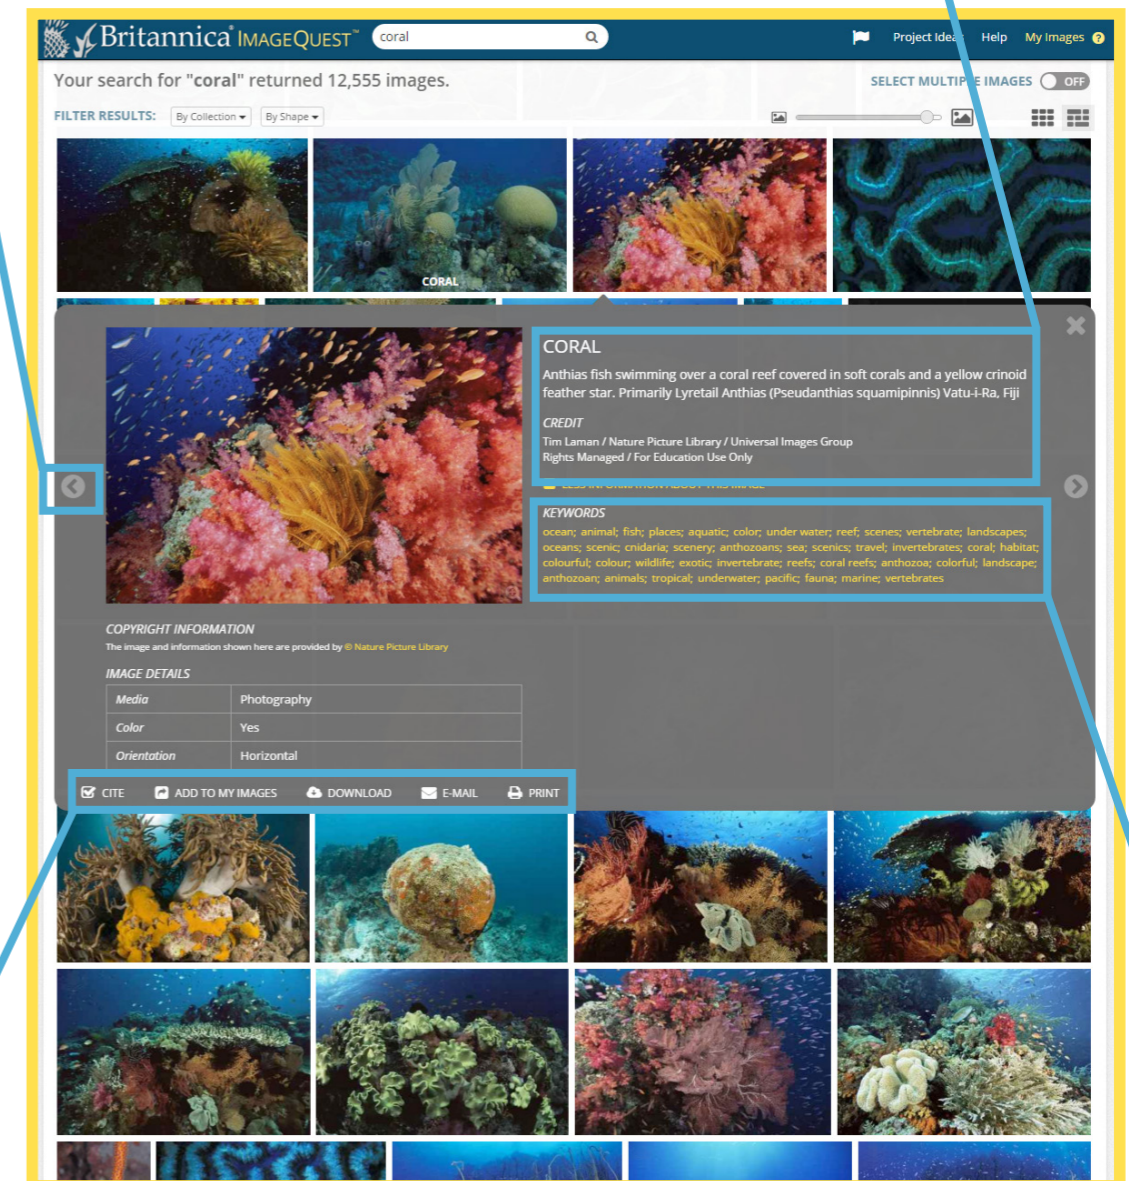

Temporarily save images to the 'My Images' area for later use including sorting, saving, downloading, e-mailing and printing.

# Image Details

**Navigate** to other images while staying in the image details window. Click on any image to view the full size.

Find title, caption and credit for your selected image.

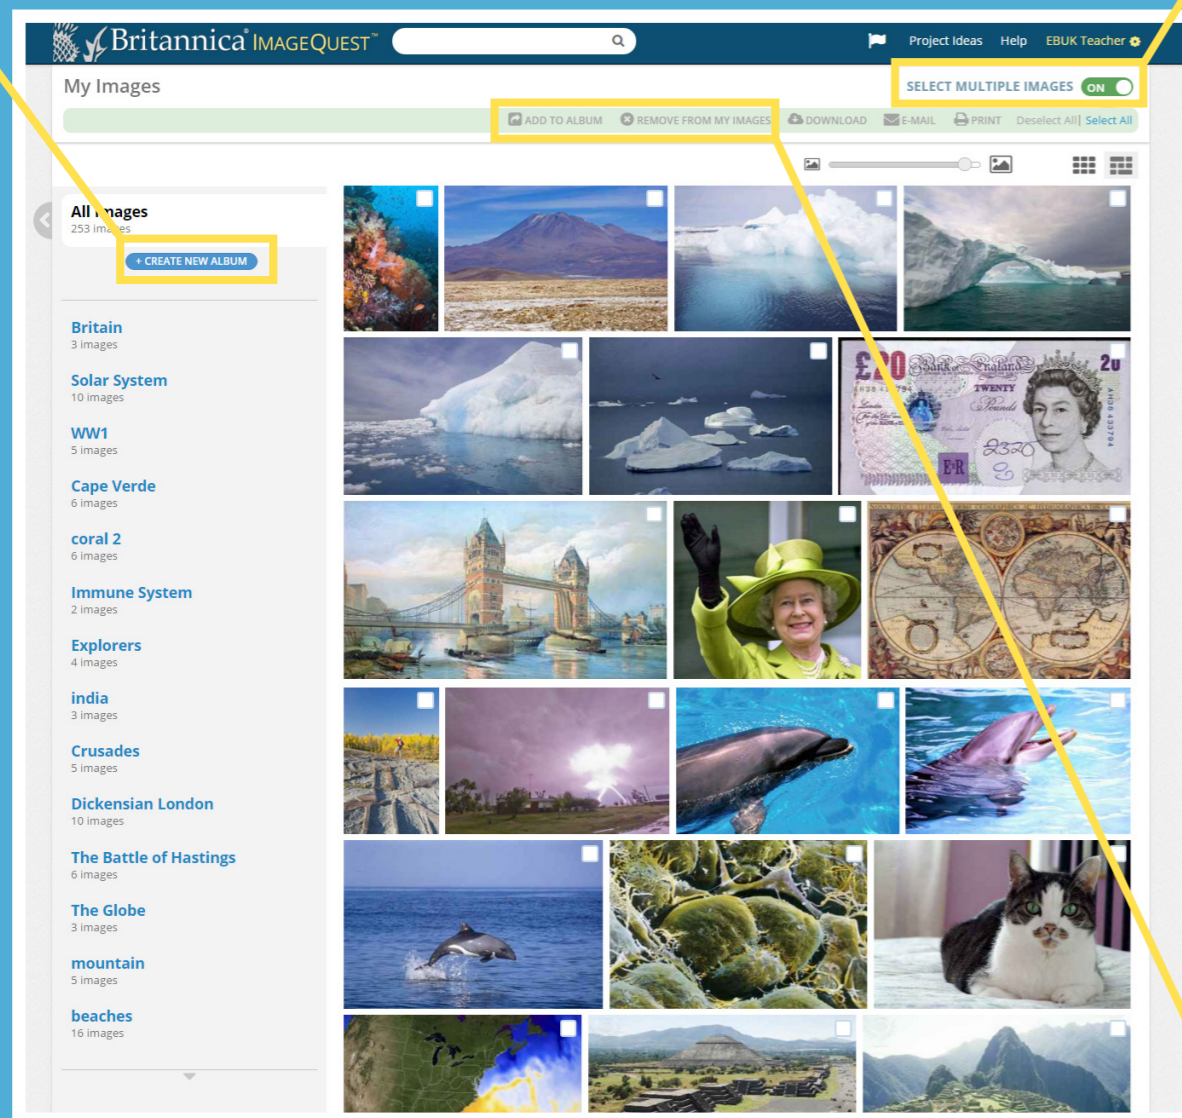

- **Citation** information in four styles, APA, MLA, Harvard and Chicago Manual of Style.
- **Add to my images** – Temporarily save images for later use including sorting, saving, downloading, e-mailing and printing.
- **Download** image as a JPEG.
- **E-mail** a unique URL to share with colleagues or classmates.
- **Print!**

Use the **Keywords** to find related search topics and further research inspiration.

# My Images

Create image albums to organise your research.

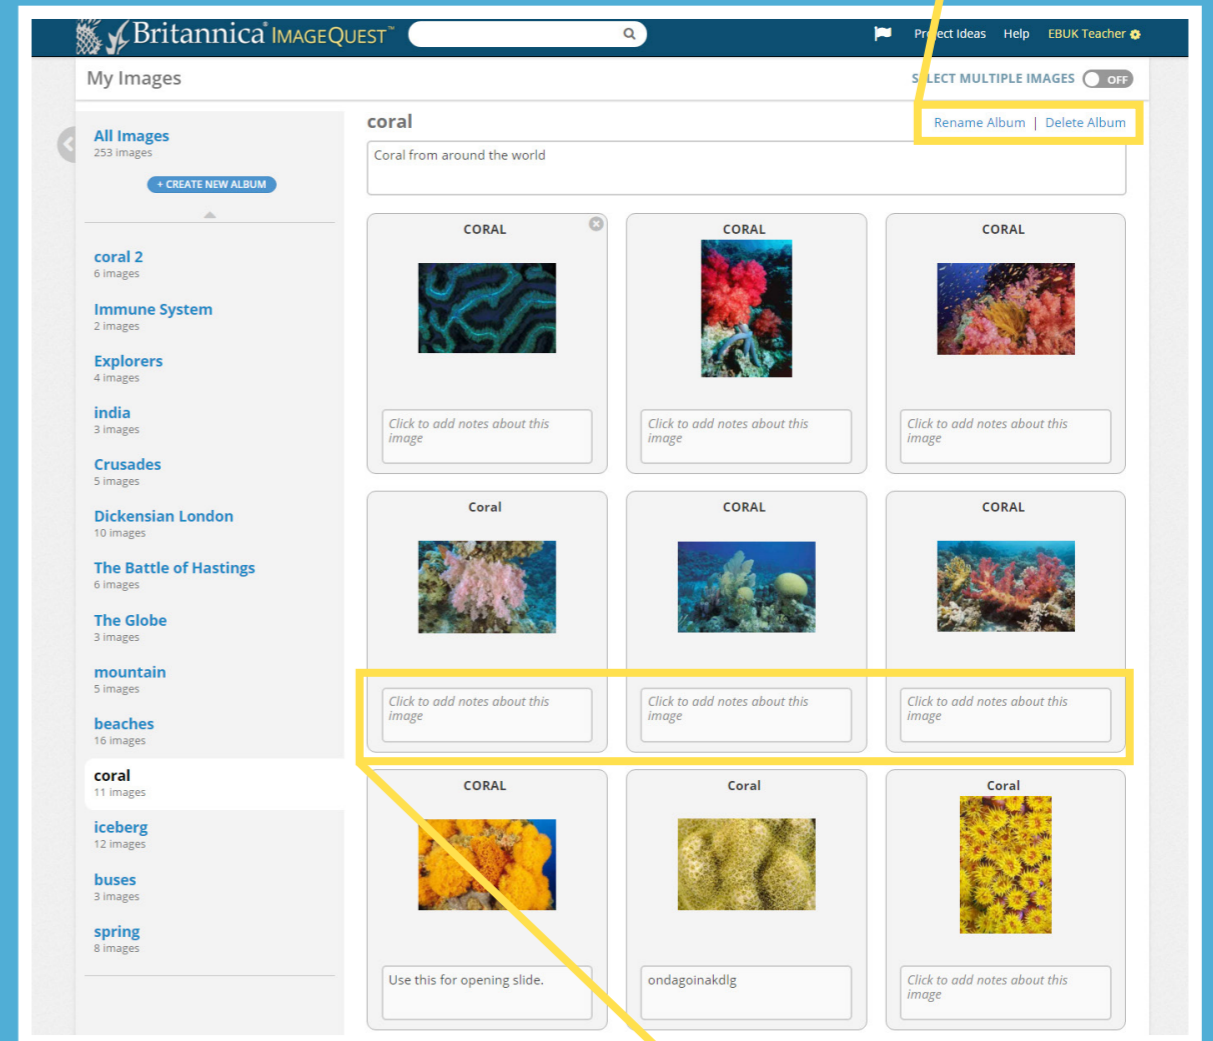

Select multiple images – again, by turning this on, you can select multiple images for saving, downloading, e-mailing and printing.

Click here to organise your images into personally-created albums. You can also drag and drop any image into any album.

# My Images - Albums

You can rename or delete your album here.

Add a description for your album, or notes. You can also add notes to each image.
